Kursbeschreibung

The Challenges Technology Bundles around VMware offer a comprehensive suite of hands-on, scenario-based labs designed to enhance and validate your technical skills in VMware. These labs provide immersive learning experiences and performance-based validation, covering a wide range of VMware services and solutions. The challenges are divided into three levels of difficulty: Guided, Advanced, and Expert, ensuring that learners at all stages can benefit from the training.

Content:

Here are five examples of the VMware challenges that can be found in the Challenge Labs Course Catalogue:
